### What's a fun for the whole family and gives all year? A Science Factory Membership!

A **membership** to the Science Factory offers free admission to the exhibit hall and seasonal star shows, discounts on Dome shows, camps, classes, and birthdays, plus free admission to hundreds of other museums. When you are looking for the perfect gift - why - it's elementary!

### Got Science?

Everyone knows you shouldn't go grocery shopping when you're hungry - you'll end up with an overabundance of yummys that were not on your shopping list. Well, it turns out that something similar can happen when you are shopping for science toys ... We don't know if it was hunger, or too much caffeine, or just excitement about our new dinosaur exhibit, but somehow we find our store shelves bursting with educational yummys. We've got a ton of dino fun (bingo, excavation kits, squishy dinos, etc.) but we haven't forgotten the favorites either. It's not too early to start thinking about holiday shopping, so please come in and check out our overflowing shelves!
