

Non-profit Group Scholarship Program

2011-2012 Eligibility Guidelines

In order to make Science Factory programs and services accessible to all members of the community, the Science Factory is pleased to provide financial assistance to groups who are unable to afford regular Science Factory admission and program registration fees.

Each year the Science Factory is able to offer a limited number and amount of partial and full scholarships to those requesting financial assistance and providing evidence of financial need. This program is made possible this year by the support of the KeyBank Foundation.

The Science Factory's goal is to assist all those who request and qualify for assistance; however, we may not be able to accommodate all requests. Requests for scholarships will be approved on the basis of eligibility and the availability of funds. Requests will be handled on a "first come, first served" basis.

Eligibility Guidelines:

Local non-profit organizations that serve children, families, and people with disabilities are eligible for a 75% discount on group rates. Organizations must submit their 501(c)3 determination letter to document eligibility.

Please note: Scholarships do not apply to field trip lab fees.

Ready to Book a Field Trip?

For more detailed information and background materials for a field trip to our Exhibit Hall and/or Exploration Dome, or to download a registration form, please visit the field trip section of our web site: <http://www.sciencefactory.org/education/>. To apply for a scholarship, submit your group registration form, scholarship application, and 501(c)3 determination letter.

For more information about our non-profit group scholarship program, please call Science Factory Visitor Services at 541-682-7895.
